VOGUE

Plant Pat. No. 926.

All-America Winner for 1952. Vogue introduces a dazzling new cherry-coral color to the popular floribunda family. It bears immense clusters of large individual blooms which reach 3 to 4 inches across. Its flowers are unusually fragrant, perfectly formed and more double than its sister Rose, Fashion. Because of its prolific blooming habit and strong vigorous growth, Vogue is ideal for both hedging and for Rose gardens.

OUR GUARANTEE

Ilgenfritz Nurseries, Inc. guarantees all nursery stock to be alive, healthy and true to name. Any stock that proves otherwise within 60 days after purchase will be replaced free of charge if that stock has been properly planted and cared for.

Fall planted stock is guaranteed to live through the winter. Deciduous stock that fails to start in the spring will be replaced free of charge, while fall planted evergreens will be replaced at half price.

To receive replacement, please bring to whichever of our offices the stock was purchased, or return by mail the customer copy of the original purchase.

Plant EVERGREENS *for Permanence*

Hicks Yew Hedge

HICKS YEW

Taxus media hicksi. Unquestionably one of the finest upright evergreens. As shown in the picture, it has particularly rich dark green foliage which remains very attractive all year long. It is wonderful as an upright specimen of medium height, and because of its dense columnar habit, it makes the finest ornamental hedge obtainable. In fall it produces large numbers of very attractive red berries. Shearing not only improves its appearance but makes it possible to keep it to the desired height indefinitely.

1½ to 2 ft., B&B,
\$10.50 ea.
2 to 2½ ft., B&B,
\$15.50 ea.
2½ to 3 ft., B&B,
\$21.80 ea.
3 to 3½ ft., B&B,
\$26.00 ea.

JAPANESE YEWS

These are the finest evergreens for landscaping the modern home in such northern areas as Michigan and Ohio.

- x Wonderful all year round color.
- x Free of most insects and diseases.
- x Will grow well in full sun or shade.
- x Are slow growing and can be kept to the desired height indefinitely by shearing.

We are Michigan's largest growers of these wonderful plants. Buy the best—Buy Ilgenfritz northern grown Japanese Yews.

Spreading Japanese Yew

SPREADING JAPANESE YEW. *Taxus cuspidata*. The ideal spreading evergreen for the modern home. Wonderful for under picture windows, for along porches or wherever a spreading evergreen is required. Its rich dark green foliage will add constant beauty and value to your home—both summer and winter. By trimming the new growth back regularly you can not only keep these beautiful evergreens down to the size you want them indefinitely, but you will create rich full evergreens that will be the envy of your neighborhood. They grow well in full sun or shade.

12-15 inch spread — Balled and Burlapped — \$ 6.75 each

15-18 inch spread — Balled and Burlapped — 8.75 each

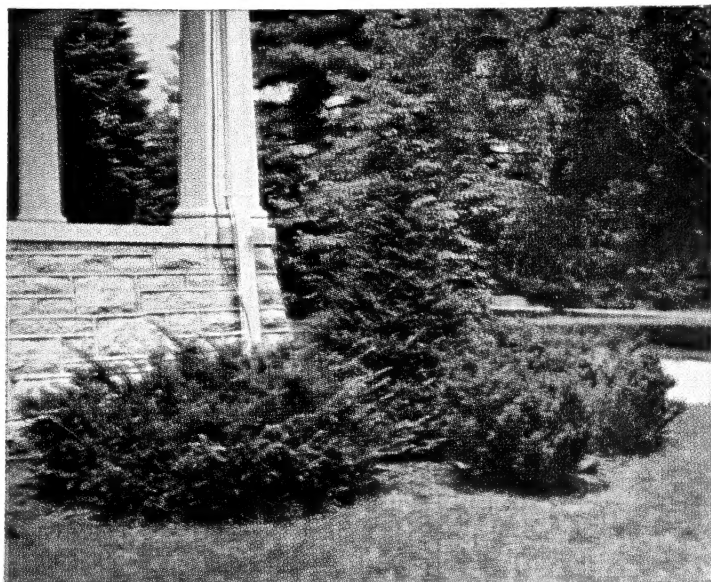

18-24 inch spread — Balled and Burlapped — 13.50 each

BROWNS YEW. *Taxus cuspidata browni*. Here is probably the nearest to a globe shaped Yew. By shearing, which the Browns Yew takes perfectly, this variety can be kept trimmed as a perfect globe. That makes it a wonderful marker or specimen to use at entrances and doorways, etc. Its rapid growth and exceptionally deep green foliage make this an outstanding evergreen.

12-15 inch — Balled and Burlapped — \$ 7.75 each

15-18 inch — Balled and Burlapped — 9.95 each

Group Planting of Japanese Yew

Japanese Yew Upright Japanese Yew Browns Yew

Japanese Upright Yew

ANDERSONS YEW. *Taxus cuspidata andersoni*. This is a fast growing spreading Yew of more upright habit than the regular *Taxus cuspidata*. When planted singly or in groups, it makes excellent landscape material for foundation planting.

12-15 inch — Balled and Burlapped — \$ 7.75 each

15-18 inch — Balled and Burlapped — 9.95 each

18-24 inch — Balled and Burlapped — 14.50 each

JAPANESE UPRIGHT YEW. *Taxus capitata*. This is a beautiful upright pyramidal Yew of medium height. It retains its dark green foliage throughout the year. In fall and during the early part of the winter, its rich foliage is enhanced by showy red berries. Regular trimming of its new growth tends to thicken and improve this fine upright specimen evergreen.

2-2½ ft.—Balled and Burlapped—\$17.50 each

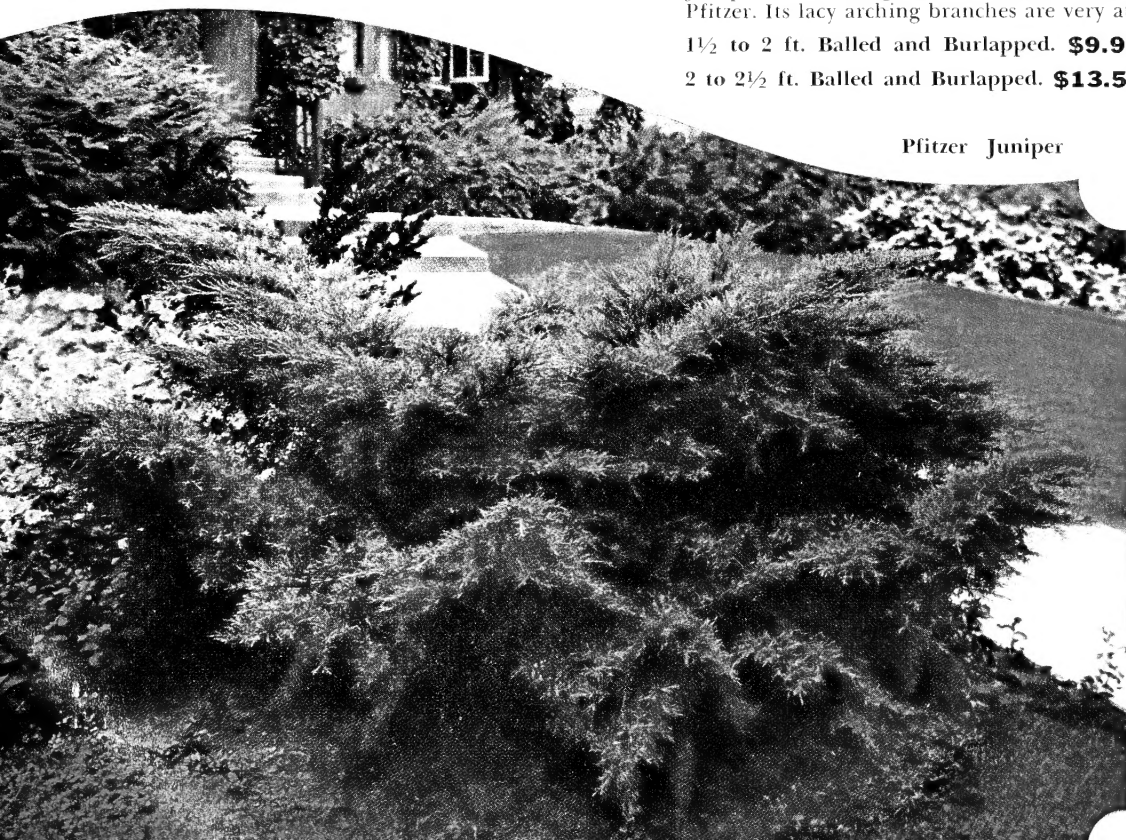

2½-3 ft.—Balled and Burlapped—\$22.50 each

Moerheim Blue Spruce

MOERHEIM BLUE SPRUCE. Not only the bluest of all the Blue Spruce, but also the finest evergreen that can be used for specimen and accent use in the yard. Here is a very scarce evergreen which will add distinction and value to your home.

2½-3 ft. Balled and Burlapped. **\$27.50 each**
 3-3½ ft. Balled and Burlapped. **\$33.50 each**
 3½-4 ft. Balled and Burlapped. **\$37.50 each**
 4-4½ ft. Balled and Burlapped. **\$45.00 each**

Pfitzer Juniper

WOODWARD GLOBE THUYA.

An economical, perfectly globe-shaped evergreen which has a dense, compact light green foliage. Well adapted to Michigan and Ohio soils, it is used widely for low hedging, at entrances and doorways and as a marker in formal plantings. It is dwarf in habit.

12-15 inches, B&B., **\$3.50 each**

15 to 18 inches, B&B., **\$5.00 each**

1½ to 2 ft. **\$6.75 each**

Woodward
Globe
Thuya

WARE THUYA. (Not shown). This is an extremely hardy dwarf evergreen of conical shape. It is usually wider at the base than the Pyramidal Thuya shown, but not so tall. Its foliage is a dense blue-green.

1½ to 2 ft. B&B., **\$5.00 each**

2 to 2½ ft. B&B., **\$7.50 each**

2½ to 3 ft. B&B., **\$9.75 each**

3 to 3½ ft. B&B., **\$13.50 each**

AMERICAN PYRAMIDAL ARBORVITAE. One of the most beautiful as well as useful of the columnar evergreens. Because of its rapid growth, its fine green coloring, and the fact that it stands shearing so well, this is an outstanding evergreen for many purposes. It is wonderful for use as a tall screening or hedge plant. It is often used also in corner plantings and for framing doorways, etc.

3 to 4 ft. B&B., **\$9.50 each**

4 to 5 ft. B&B., **\$12.00 each**

5 to 6 ft. B&B., **\$13.75 each**

6 to 7 ft. B&B., **\$17.50 each**

7 to 8 ft. B&B., **\$23.50 each**

PFITZER JUNIPER. A marvelous bluish green evergreen for use in foundation and border planting, in fact, any spot where a low spreading bushy evergreen is required. It is a particularly graceful shrub of tremendous vigor that will grow almost anywhere except excessive shade. It takes shearing very well which not only makes it fuller, but will keep it to the desired height and width.

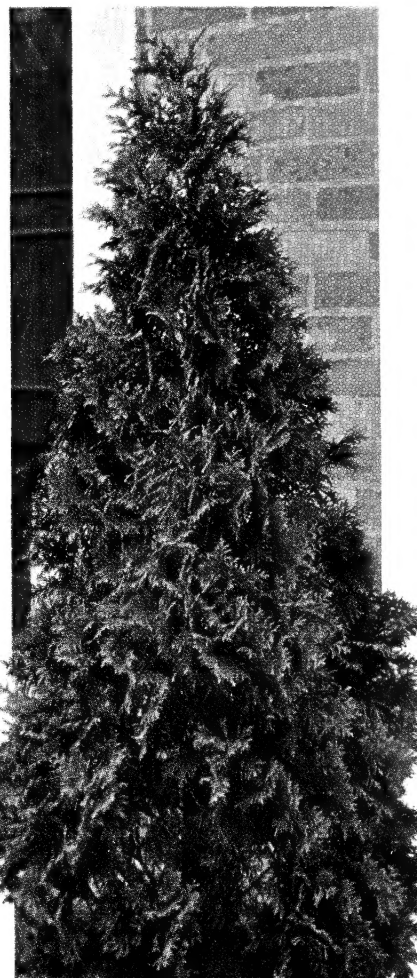

12 to 15 inches, Balled and Burlapped. **\$6.00 ea.**

15 to 18 inches, Balled and Burlapped. **\$7.50 ea.**

1½ to 2 ft. Balled and Burlapped. **\$9.95 ea.**

2 to 2½ ft. Balled and Burlapped. **\$13.50 ea.**

American Pyramidal
Arborvitae

VON EHRON JUNIPER. A very fine spreading Juniper with foliage that is darker than that of Pfitzer. Its lacy arching branches are very attractive.

1½ to 2 ft. Balled and Burlapped. **\$9.95 each**

2 to 2½ ft. Balled and Burlapped. **\$13.50 each**

SOIL CONDITIONERS—PLANT FOOD—SPRAYS—GRASS SEED

All of our branches carry a wide assortment of these and many other garden needs. Write or call us for your requirements.

RA • PID • GRO

The complete plant food which contains 23% nitrogen, 21% phosphoric acid and 17% potash, plus all essential minor elements and Vitamin B₁ and B₂. It is easy to apply, mixed with water either around the base of the plant or for foliage feeding.

8-oz. can **69c each**; 1-lb. can **\$1.25 each**

2-lb. can **\$2.35 each**

PLANT MARVEL

Pure—Rich—Quick acting liquid plant food. This is a 12-13-14 fertilizer containing Vitamin B₁. Particularly good for African Violets, dish gardens and for forcing bulbs indoors. May also be used outdoors for Roses, flowers and bulbs.

1-oz. package **35c**

SOILIFE

SOILIFE—MAKES TOPSOIL OF CLAY SOIL

This amazing new chemical soil changer loosens heavy clay soil by binding tiny clay particles together into small clumps. It helps to prevent erosion, and at the same time retains moisture better. Does not harm vegetation.

4-oz. can, covers 50 sq. ft., **\$1.75**

8-oz. can, covers 100 sq. ft., **3.00**

1-lb. can, covers 200 sq. ft., **5.00**

Ilgenfritz GRASS SEED

SUNNY MIXTURE. A splendid blend of the finest quality perennial grasses for planting open, sunny or partly shaded areas. Containing 69% Kentucky Blue Grass, there are no poor weedy types of grass seed in this mixture.

1-lb. package **\$1.45**; 3-lb. package **\$4.20**; 5-lb. bag **\$6.95 each**

Note—1 pound covers up to 250 square feet.

SHADY MIXTURE. This is a blend of sturdy grasses for planting slopes, play yards and densely shaded areas.

1-lb. package **\$1.20 each**; 3-lb. package **\$3.50 each**; 5-lb. bag **\$5.95**

MERION BLUE GRASS MIXTURE. NEW. This is a high quality lawn formula containing the amazing new Merion Blue Grass. Merion Blue Grass is an outstanding improvement in texture and growing habit over the standard Kentucky Blue Grass. Though the seed is more expensive, the producers of this formula claim that one pound will cover up to 750 sq. ft.

1-lb. pkg., **\$3.25 each**; 3 lbs., **\$9.75**

SCOTT'S WHITE DUTCH CLOVER. For those who like the vigorous green foliage of White Dutch Clover, we are offering straight clover seed which can be added to other seed mixtures or planted separately for filling in bare patches. It germinates very quickly.

8-oz. pkg., **95c each**. 18-oz. pkg., **\$1.95 each**

OVOTOX

Ornamental spray for Evergreens, shrubs and shade trees. Kill those Red Spiders and keep your evergreens healthy. Ovotox is a combination Ovicide—Insecticide—Fungicide which is designed to control most insects and diseases.

8-oz. can **\$1.60 each**

Good-rite Rabbit No-Nib'l

Here is a comparatively new scientific preparation designed to repel rabbits from around flowers, shrubs, fruits and certain vegetable plants. It does not harm the plants, nor does it cause any permanent injury to birds or animals.

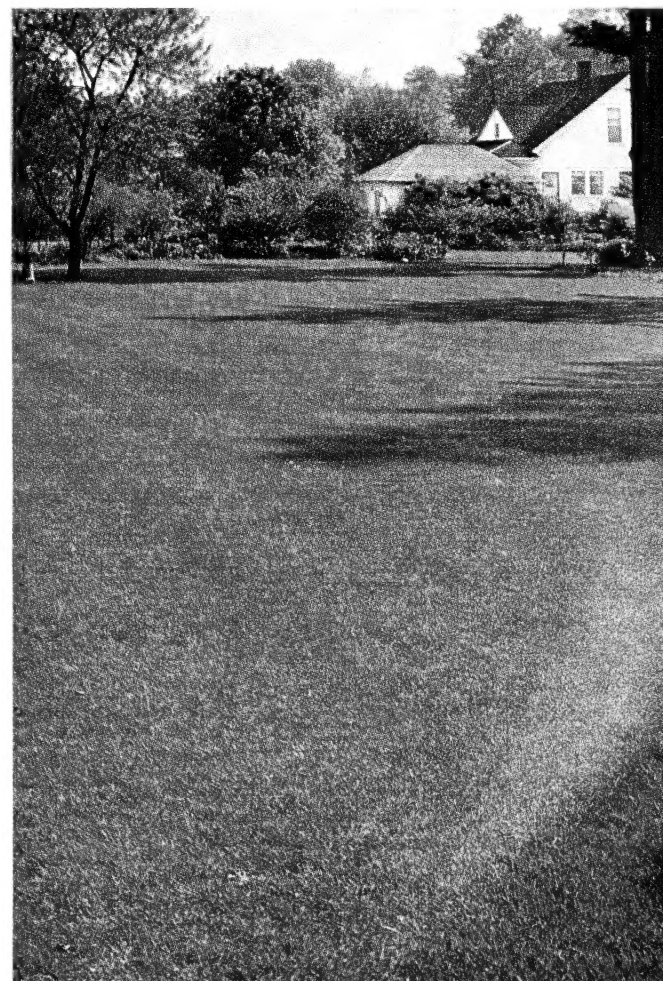

6-oz. can, **\$1.25 each**

Weedone The Weed Killing Miracle

In a new improved form, Weedone, containing 2,4-D plus 2,4,5-T kills weeds in your lawn without killing the lawn. It can also be used for killing poison ivy, brambles, poison oak and other woody plants. In the lawn it will control such weeds as dandelion, buckhorn, thistles and many others.

8-oz. can covers up to 1200 sq. ft., **\$1.00 each**

1-qt. can covers up to 5000 sq. ft., **\$2.95 each**

Crimson
Glory

Tallyho

Hagenfritz ROSES for Fall

CRIMSON GLORY. (Plant Pat. 105.) Here is the wonder Rose. Not only is it rated as the best red Rose yet developed, but with its 9.5 A.R.S. rating, it has the highest rating of all Roses. It has an excellent bloom, remarkable fragrance, superb color and extreme vigor. **\$1.85 each; 3 or more, \$1.75 each.**

TALLYHO. (Plant Pat. 828.) A handsome raspberry-red Rose wonderful for cutting because of its exceptionally deep buds of perfect form, its long stems, and its good keeping qualities. The plant is sturdy and heavy branching. **\$2.35 each; 3 or more, \$2.25 each.**

ECLIPSE. (Plant Pat. 172.) One of the finest all-purpose yellow Roses which produces a succession of very long tapering 2-inch buds on long stems that are ideal for cutting. The buds open to gorgeous 3 to 4-inch blooms. **\$1.85 each; 3 or more, \$1.75 each.**

RUBAIYAT. (Plant Pat. 758.) This is a brilliant cerise Rose that sends out a profusion of long graceful buds throughout the summer. Its large flowers open slowly on long, upright stems. The plant is of tremendous vigor and is disease resistant. **\$1.85 each; 3 or more, \$1.75 each.**

PEACE. (Plant Pat. 591.) Universally considered to be the finest Rose, Peace is an astounding combination of good qualities—huge perfectly formed buds and flowers, large sturdy plant, splendid coloring and long stems. The buds are golden yellow flushed pink while the open blooms combine shades of cream, yellow, white and pink. **\$2.50 each; 3 or more, \$2.35 each.**

FORTY-NINER. (Plant Pat. No. 792.) The most brilliant bi-color yet introduced, Forty-Niner is a Rose that should be in every garden. The inside of the petals is a flaming scarlet while the outside is straw-yellow. **\$2.25 each; 3 or more, \$2.00 each.**

Peace

Forty-niner

Mirandy

Mission
Bells

Planting - Patented Varieties

MIRANDY. (Plant Pat. 632.) This huge 50 petaled Rose is of superb form and coloring. Very free blooming, it is at its best in hot weather. Its deep crimson buds open slowly into tremendous wine-red blooms. **\$2.25 each; 3 or more, \$2.00 each.**

MISSION BELLS. (Plant Pat. 923.) A recent All-America winner, Mission Bells is a wonderful Rose of a clear salmon-pink. The blooms which will reach up to 5 inches across carry about 40 petals. **\$2.35 each; 3 or more, \$2.25 each.**

BRANDYWINE. (Plant Pat. 530.) Vigorous and hardy, this fine yellow Rose has handsome long pointed buds that are excellent for cutting. The sturdy plants which will often reach 4 feet tall, bloom through the season till late fall. **\$1.85 each; 3 or more, \$1.75 each.**

NEW YORKER. (Plant Pat. 823.) If you like tremendous dark red Roses, New Yorker should be in your garden. It is magnificent in bud and in full bloom. Growing to about 3 feet, the bush is hardy, vigorous and disease resistant. **\$2.10 each; 3 or more, \$1.75 each.**

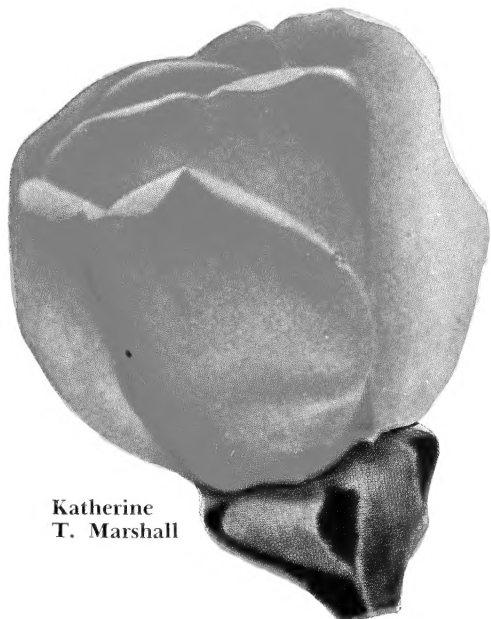

KATHERINE T. MARSHALL. (Plant Pat. 607.) Chosen by the AARS committee as one of the best Roses of all time, it bears large flowers of a clear warm pink. It is a sturdy plant with long stems, that will grow anywhere. **\$1.85 each; 3 or more, \$1.75 each.**

CHIEF SEATTLE. (Pat. app. for.) New. A new 1952 Rose chosen as the official Rose of Seattle's Centennial celebration. It is a striking buff-apricot which holds its color well. Its buds containing 45 to 60 petals open slowly into large symmetrical blooms. The plant is extremely vigorous. **\$2.75 each.**

With each order is given a guide to successful fall planting of Roses.

Diamond Jubilee

Nocturne

Fandango

DIAMOND JUBILEE. (Plant Pat. 824.) The tremendous blooms of this buff-orange Rose will be a delight in your garden. Of stately form and vigorous growth, it is the perfect Rose of its color. It was an AARS winner in 1948. **\$2.10 each; 3 or more, \$2.00 each.**

NOCTURNE. (Plant Pat. 713.) One glimpse at its long streamlined buds and large deep red blooms always arouses enthusiasm. Nocturne has proved to be outstanding in our own display gardens. **\$2.00 each; 3 or more, \$1.85 each.**

FANDANGO. (Plant Pat. 894.) Rich scarlet in bud, the flower changes as it opens to a bright Chinese red. Because of its heavy blooming habit, it is excellent for a brilliant mass of color in the Rose garden. It is also a tall vigorous grower with disease resistant foliage. **\$2.25 each; 3 or more, \$2.00 each.**

CURLY PINK. (Plant Pat. 842.) Matchless as a combination of size, form, beauty of cluster, continuous bloom, vigor and hardiness. Curly Pink is one of the best of the sub-zero Roses. It is a two-toned pink. **\$2.00 each; 3 or more, \$1.85 each.**

SAN GABRIEL. (Plant Pat. 860.) Beautiful long pointed buds of glowing salmon with a heavy overlay of tangerine-orange. A sturdy grower with fine foliage. **\$2.00 each; 3 or more, \$1.85 each.**

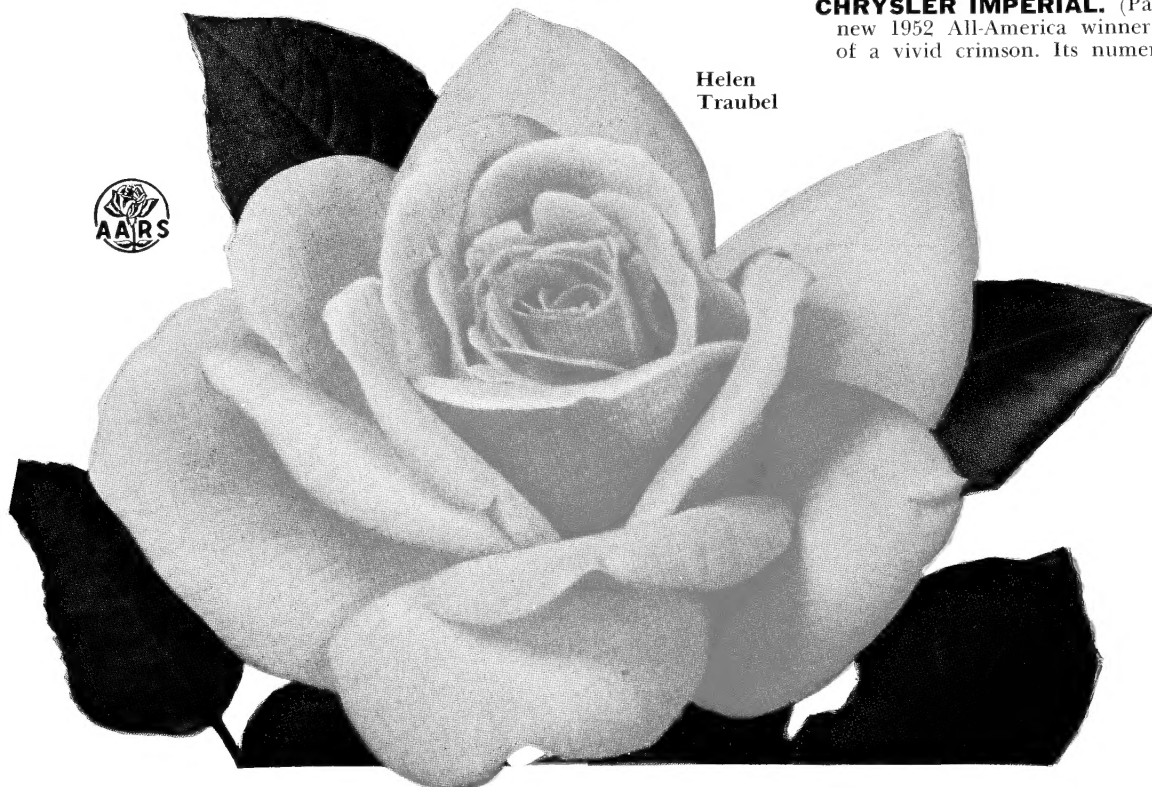

CHRYSLER IMPERIAL. (Pat. app. for). NEW. Here is the brilliant new 1952 All-America winner. It is a very large many petaled Rose of a vivid crimson. Its numerous blooms are borne singly on sturdy long stems. We are very happy to offer this red Rose of the future for fall sale. **\$3.25 each.**

SHOW GIRL. (Plant Pat. 646.) Here is a Rose with the longest and most perfect deep pink buds you can imagine. This combined with its long sturdy stems and good lasting qualities, makes Show Girl a perfect Rose for cutting. **\$1.85 each; 3 or more, \$1.75 each.**

MME. HENRI GUILLOT. (Plant Pat. 337.) This splendid two-toned pink Rose changes from a brilliant raspberry-pink to a satiny watermelon-pink as the buds fully open. Its 8.9 rating places it very high among all Roses. **\$1.85 each; 3 or more, \$1.75 each.**

HELEN TRAUBEL. (Plant Pat. 1028.) NEW. A glorious new All-America winner of 1952, Helen Traubel sends up an abundance of very large blooms that range in color from a luminous apricot to orange. Its two-toned petals are pink on the inside and apricot on the outside. The plants are remarkably tall and vigorous. **\$2.75 each.**

BETTY PRIOR. (Plant Pat. 340.) A wonderful, extremely vigorous and free blooming Rose for mass planting or for Rose hedging. The buds are red but open to a single shell-pink. One of the highest rated of all Floribundas. (Shown below.) **\$1.60 each; 3 or more, \$1.50 each.**

FLORADORA. A tall growing Floribunda noted for its vigor of growth and abundance of bloom. It bears clusters of geranium-red, double blooms. **\$1.50 each; 10 or more, \$1.40 each.**

GOLDILOCKS. (Plant Pat. 672.) The finest double golden yellow Floribunda. The buds, which are like Hybrid Tea Roses in form, open slowly and are long lasting. (Shown below.) **\$1.60 each; 3 or more, \$1.50 each.**

PINOCCHIO. (Plant Pat. 484.) The original of a growing family, Pinocchio produces numerous pointed buds of salmon-flushed gold. These open slowly to a Hybrid-Tea-like Rose of a soft pink. **\$1.60 each; 3 or more, \$1.50 each.**

RED RIPPLES. A tall growing variety that bears immense clusters of intense dark velvety red semi-double blooms. A prolific blooming Rose and strong grower. **\$1.50 each; 10 or more, \$1.40 each.**

SUMMER SNOW. (Plant Pat. 416.) The most prolific of the white Floribundas. It provides a continuous display of large clusters of double white blooms. **\$1.60 each; 3 or more, \$1.50 each.**

Pinocchio

Goldilocks

Betty Prior

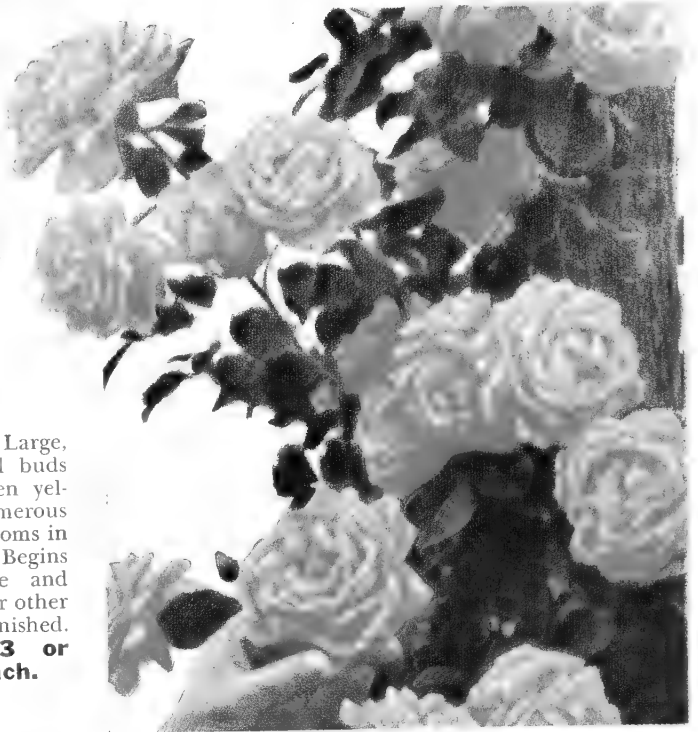

ILGENFRITZ CLIMBING ROSES

DR. J. H. NICOLAS

(Plant Pat. 457.) One of the few really everblooming climbers. It bears numerous very large double pink blooms that resemble Hybrid Tea Roses. Very hardy.
\$2.25 each; 3 or more, \$2.00 each.

KING MIDAS

(Plant Pat. 586.) Large, double red flushed buds that open to golden yellow. It bears numerous Hybrid-Tea-like blooms in clusters of 4 to 6. Begins blooming in June and continues until after other climbers have finished.
\$2.25 each; 3 or more, \$2.00 each.

Blaze

King Midas

BLAZE. A brilliant recurrent blooming form of Paul Scarlet. It bears large clusters of 2 to 3-inch scarlet blooms that do not fade. **\$1.50 each.**

PAUL SCARLET. A vivid scarlet climber very similar to the illustration for Blaze. A wonderful profuse blooming Rose that is the highest rated of all climbers by the A.R.S. **\$1.50 each.**

CL. NEW DAWN. Probably the hardiest of the everblooming climbers. Sometimes referred to as the Everblooming Dr. W. Van Fleet, it repeats its lovely double apple-blossom-pink blooms all season on canes that will grow 12 to 15 ft. long. **\$1.75 each.**

SUCCESSFUL FALL PLANTING of ROSES

More and more Rose growers are planting Roses in the fall. A number of our Michigan customers have for several years planted half of their Roses in the fall and the remaining half in the spring. All have reported quicker growth and better results with fall planting.

If our Rose bushes are planted and hilled up according to our directions sent with every order, they are guaranteed to grow in the spring.

Remember—If you live in the Detroit or Toledo areas, you can purchase these Roses from a nearby Ilgenfritz Nursery location:

3 for \$5.50

Hansen Bush Cherry

HANSEN BUSH CHERRY. A very desirable as well as attractive low growing shrub for the border. Produces an abundance of white blossoms and edible Cherries which are almost as large as sweet Cherries. These make excellent preserves.

2-3 ft., **\$3.50 each; 3 for \$9.75**

BARBERRY, REDLEAF. Dazzling fire-red foliage throughout the season makes this America's most popular low growing redleaf shrub. Excellent for hedging.

15 to 18 inch, **\$1.25 each; 3 for \$3.50**

1½ to 2 ft., **\$1.45 each; 3 for \$4.10**

2 to 2½ ft., **\$1.75 each; 3 for \$4.95**

(For Hedge Grade See Page 18)

BARBERRY, GREENLEAF. Berberis thunbergi. Rich green foliage, dense habit of growth, beautiful coloring and red berries in fall make this a wonderful shrub for in front of other shrubs, around corners, porches and foundations. Extra hardiness makes it a popular hedge plant for sun or part shade.

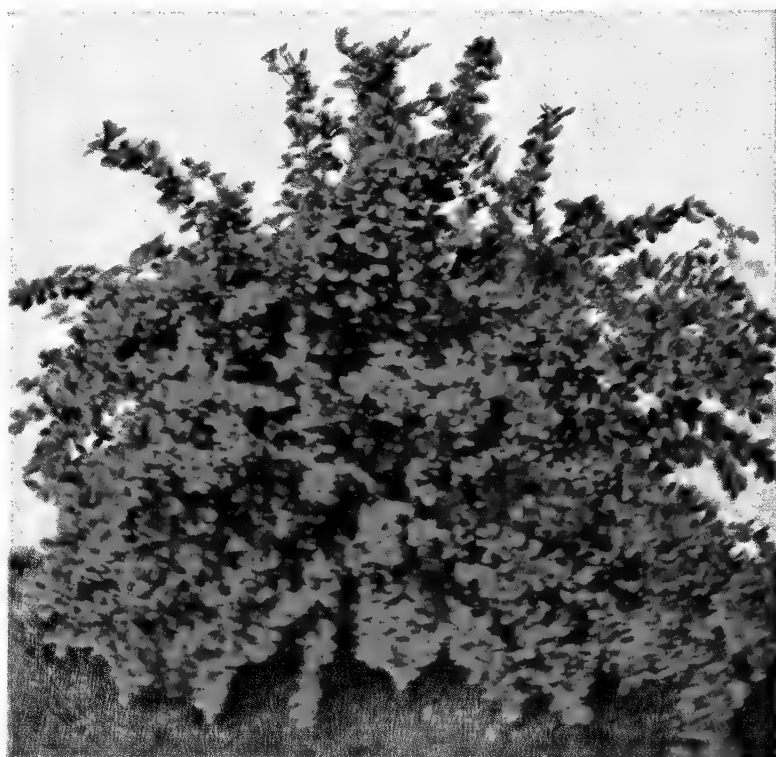

15 to 18 inches, **75c each**
1½ to 2 ft., **\$1.00 each**

DEUTZIA GRACILIS, Slender Deutzia. A very dainty as well as beautiful dwarf shrub which seldom grows over three feet high, making it particularly desirable as a foundation shrub. Its arching branches bear clusters of white flowers.

12 to 15 inches, **\$1.75 each**

Deutzia Gracilis

Redleaf Barberry

DEUTZIA ROSEA, Rose Panicle Deutzia. This is a dwarf shrub which resembles Deutzia gracilis very closely except that the flowers are pinkish and decidedly bell-shaped. Grows slightly larger than the white form.

1½ to 2 ft., **\$2.25 each**

DEUTZIA, Pride of Rochester. A wide spreading shrub of amazingly rapid growth, this widely planted variety bears showy clusters of pinkish white bell-shaped flowers. An excellent tall specimen shrub, and it is also good for screening purposes.

1½ to 2 ft., **\$1.50 each**
2 to 3 ft., **\$1.75 each**

DWARF BURNINGBUSH.

Euonymus alatus compactus. For a splash of brilliant red fall color nothing can equal this beautiful but scarce landscape item. Attractive yellow flowers in spring, red foliage and berries in fall, corky winged bark, make this the finest of our dwarf shrubs. It is very hardy and will grow almost anywhere. 1½ to 2 ft., **\$3.75 each; 3 for \$10.50.** 2 to 3 ft., **\$4.95 each; 3 for \$14.25.** 3 to 4 ft., Balled and Burlapped, **\$10.50 each.**

Dwarf Burningbush

WINGED BURNINGBUSH. *Euonymus alatus*. This is a taller growing form of the above with a more noticeable corky winged bark.

1½ to 2 ft., **\$2.75 each; 3 for \$7.50**
2 to 3 ft., **\$3.95 each; 3 for \$11.25**

FORSYTHIA SPECTABILIS. Showy Forsythia. Its multitude of glowing rich yellow flowers are the crowning glory of the spring season. It is a tall, bushy shrub that is easy to grow anywhere.

1½ to 2 ft., **\$1.25 each; 3 for \$3.50**
2 to 3 ft., **\$1.60 each; 3 for \$4.50**

CARYOPTERIS, BLUE MIST. A very attractive bushy low growing shrub often called Blue Spirea. The leaves are aromatic and of an attractive silvery green. They like sun and are often used in perennial borders. Grows 18 to 24 inches high.

No. 1 field grown plants, **\$1.50 each; 3 for \$4.25**

BEAUTYBUSH. *Kolkwitzia*. A handsome shrub from Korea that is appropriately named. Masses of blush-pink bell-shaped flowers cover this shrub in June. Growing 6 or 7 feet high, it is a superb specimen shrub.

1½ to 2 ft., **\$1.80 each; 3 for \$5.00**
2 to 3 ft., **\$2.25 each; 3 for \$6.25**

Beautybush - Kolkwitzia

Pink
Tartarian
Honey-
suckle

HONEYSUCKLE. *Lonicera*. Here is a group of shrubs that feature handsome foliage, bushy and well formed habit of growth, attractive blooms and colorful red berries in fall. They are very hardy, fast growing and easy to grow. They are generally tall growing and are used both as specimen shrubs and very often for screening purposes.

WHITE BELLE HONEYSUCKLE, *Lonicera Bella Albida*. A tall growing white form with smooth gray leaves and red berries in fall.

MORROW HONEYSUCKLE, *Lonicera Morrowi*. A medium sized shrub with white flowers that change to yellow. Bears red berries in fall.

PINK TARTARIAN HONEYSUCKLE, *Lonicera Tartarica Rosea*. (Shown above.) This is the popular pink flowering Honeysuckle. A tall growing form which bears red fruit in July and August.

WHEELING RED HONEYSUCKLE. This is an improved form of the popular Red Tartarian Honeysuckle.

Peegee Hydrangea

Virginal Mockorange

ZABEL HONEYSUCKLE. Its blue-green foliage and the abundant deep pink blooms make this a most popular variety.

Prices for all Shrubs above:

2 to 3 ft., **\$1.50 each; 3 for \$4.25**

3 to 4 ft., **\$2.00 each; 3 for \$5.50**

PHILADELPHUS, Mockorange. Often called Syringa, this is an old favorite sweet scented shrub.

PHILADELPHUS CORONARIUS, Sweet Mockorange. Growing 8 or 9 feet tall, this is the most fragrant of all the Mockorange. Its white blooms completely cover the plant in June.

2 to 3 ft., **\$1.75 each; 3 for \$4.95**

3 to 4 ft., **\$2.25 each; 3 for \$6.25**

PHILADELPHUS VIRGINALIS, Virginal Mockorange. (Shown above.) A hybrid form which produces many large fragrant semi-double blooms in June. New blooms appear on new growth periodically till fall. Grows 6 to 8 ft. tall.

1½ to 2 ft., **\$1.75 each; 3 for \$4.75**

2 to 3 ft., **\$2.20 each; 3 for \$6.00**

3 to 4 ft., **\$2.75 each; 3 for \$7.75**

SYBIL Mockorange. A beautiful double sweet scented form. It has superior foliage and is very heavy blooming.

2 to 3 ft., **\$2.50 each; 3 for \$7.00**

3 to 4 ft., **\$3.25 each; 3 for \$8.25**

SNOWHILL HYDRANGEA. A very attractive shrub both for its large clusters of white flowers and for its large green leaves. Since it will grow well in shade, it is often used where nothing else will grow.

1½ to 2 ft., **\$1.75 each; 3 for \$4.75**

2 to 3 ft., **\$2.25 each; 3 for \$6.25**

PEEGEE HYDRANGEA. (Shown at left.) This very popular Hydrangea produces masses of large panicles of white flowers which gradually change to shades of pink and bronze. Growing to 6 feet tall or more it is used as a specimen shrub or for massing as shown in the picture.

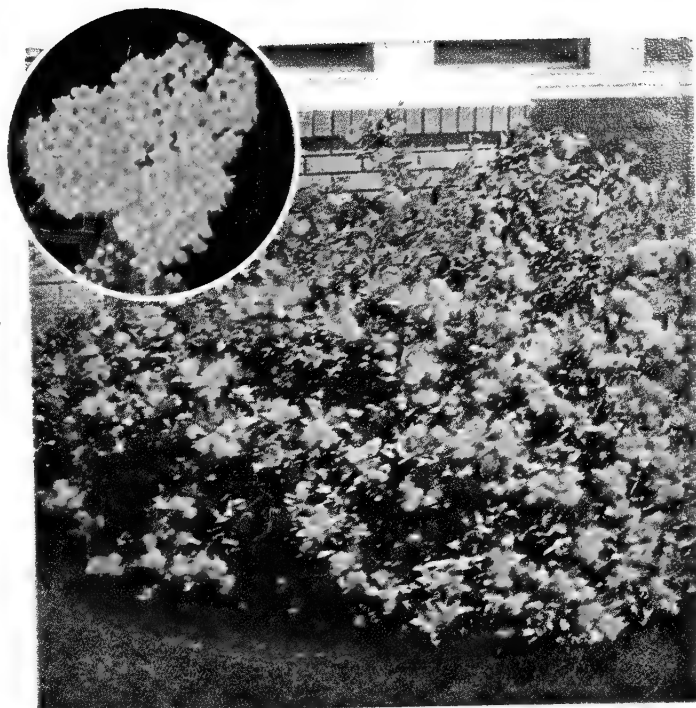

1½ to 2 ft., **\$1.75 each; 3 for \$4.75**

2 to 3 ft., **\$2.25 each; 3 for \$6.25**

←
Regel
Privet

Spiraea
Anthony
Waterer
→

PRIVET, Regel. This is a landscape item whose arching branches carry particularly attractive foliage. Good for mass effect or as a specimen shrub. 15 to 18 inches, **\$1.20 each; 3 for \$3.50** 18 to 24 inches, **\$1.60 each; 3 for \$4.50** 2 to 3 ft., **\$2.20 each; 3 for \$6.30**

SPIRAEA ANTHONY WATERER. Growing to only about 3 or 4 feet high, this is a wonderful low growing shrub that is highly suited for foundation planting. Its showy rosy crimson heads of flowers come into bloom in June or July and often recur throughout the summer. 15 to 18 inches, **\$1.25 each.** 1½ to 2 ft., **\$1.50 each.**

SPIRAEA FROEBELI. A taller growing form of Pink Spirea than Anthony Waterer and it blooms about two weeks earlier. 15 to 18 inches, **\$1.25 each.** 1½ to 2 ft., **\$1.50 each.**

Persian Lilac

COMMON PURPLE LILAC. The fragrant lilac blooms of this old favorite are always popular. Often used for hedge and screening purposes.

1½ to 2 ft., **\$1.50 each** 2 to 3 ft., **\$1.75 each**

COMMON WHITE LILAC. A fragrant white form. 1½ to 2 ft., **\$1.75 each** 2 to 3 ft., **\$2.00 each**

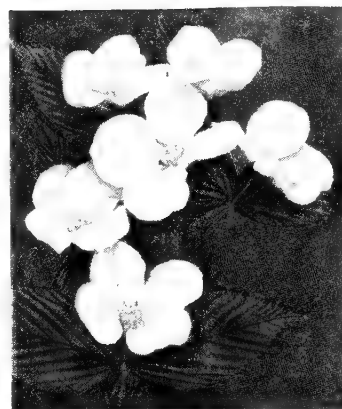

FRENCH HYBRID LILACS. These are the finest of the modern Lilacs. They bear tremendous flower clusters in a wide range of colors. Whereas we have a large number of the fine named varieties, numbers of many are limited so we are listing them by color only.

Colors—Please specify.

WHITE, BLUE, ORCHID-PINK, ROSY VIOLET, PURPLE, DEEP RED. 1½ to 2 ft., **\$2.50 each** 2 to 3 ft., **\$3.50 each** 3 to 4 ft., **\$4.50 each**

SPIRAEA VANHOUTTEI. The wondrous fountain of white bloom produced by this popular shrub is a glorious sight in spring. Growing 5 to 7 feet high it is commonly planted both as a specimen shrub and for hedging. 1½ to 2 ft., **1 to 10 plants, 75c each; over 10 plants, 60c each.** 2 to 3 ft., **1 to 10 plants, \$1.25 each; over 10 plants, \$1.10 each.**

RHODOTYPOS SCANDENS. White Kerria or Black Jetbead. The white star-like flowers of this fine shrub appear intermittently from May throughout the season. Its leaves are light green and silky underneath. Its black fruit appears later in the season. This shrub does very well in shade. 1½ to 2 ft., **\$1.75 each; 3 for \$5.00**

Black Jetbead

LILACS, Syringa.

No home is complete without a Lilac. Their bushy growth, fine foliage, and beautiful sweet scented blooms make them a shrub of many uses.

PERSIAN LILAC.

The dark green foliage and graceful pale purple panicles of this lower growing Lilac make it a fine specimen shrub.

1½ to 2 ft., **\$1.75 each** 2 to 3 ft., **\$2.00 each** 3 to 4 ft., **\$2.25 each**

French Hybrid Lilacs

Ilgenfritz Hedging

PRIVET

A most popular group of shrubs for hedging purposes. Their upright habit and quick growth, and their glossy green foliage combine to make a marvelous living green fence. They may be planted in single rows 8 to 12 inches apart or in double staggered rows one foot apart for a dense, full hedge.

AMUR PRIVET. *Ligustrum amurense*. A very hardy tall growing upright form with dark lustrous leaves that makes a splendid hedge. Their foliage remains on the plants so long in the fall and early winter that they are half evergreen.

IBOLIUM PRIVET. *Ligustrum ibolium*. This type has large rich glossy leaves resembling California privet, and hence is often called Hardy California Privet, but it is a much hardier variety that will stand to as much as 30° below zero. Prices for Amur and Ibolium Privet:

	Each per 10	Each per 25	Each per 100
12 to 18 inches	\$0.35	\$0.30	\$0.25
1½ to 2 ft.40	.35	.30
2 to 3 ft.50	.45	.40
3 to 4 ft.65	.55	.50

Ibolium Privet

BARBERRY

Barberry is the best hedge plant for shady locations, though it will grow equally as well in sun. It is very hardy and will grow well in any ordinary soil. It is of dense bushy habit and is ideal where a lower growing type of hedge plant is required. Barberry is one of the few plants that repels dogs.

These plants are not seedlings, but well rooted and well branched field grown transplants.

GREENLEAF BARBERRY. The green foliage of this variety turns a brilliant crimson in fall. It also produces bright scarlet berries which remain on the branches all winter.

15 to 18 inches, **Per 10, \$4.00; Per 50, \$16.50; Per 100, \$30.00**

1½ to 2 ft., **Per 10, \$5.00; Per 50, \$21.50; Per 100, \$40.00**

RED BARBERRY. *Berberis atropurpurea*. In this variety you have a brilliant red foliage which remains that way all summer. This color develops best in full sunlight.

15 to 18 inches, **Per 10, \$6.00; Per 50, \$22.50; Per 100, \$40.00**

18 to 24 inches, **Per 10, \$7.25; Per 50, \$26.00; Per 100, \$50.00**

Greenleaf Barberry

ROSA MULTIFLORA

These are the most vigorous of all Roses. Because of their rapid growth they will quickly form a dense hedge or screen. Excellent for screening undesirable views. Rosa Multiflora are very hardy plants that will form a hedge 5 to 7 feet tall.

15 to 18 inch plants,

\$10.50 per 50 plants;

\$20.00 per 100 plants

Rosa Multiflora

Ilgenfritz Flowering Trees

FLOWERING CRABS

This wonderful group of flowering trees are among the most showy of the spring flowering trees with their masses of large flowers. In shape and growth they resemble Apple trees but do not grow so large. Some varieties have attractive fruit.

ARNOLD FLOWERING

CRAB. A very large bush or small tree which reaches perhaps 25 ft. high. A very heavy flowering tree, its blooms vary from a light pink to white. Its fruit is yellow. Much used as a background for shrubbery plantings and as a specimen.

BECHTEL CRAB. This popular variety shown here, combines the delicate fresh fragrance of the wild Crabapple with large double flowers that resemble small pink Roses.

3 to 4 ft., **\$4.00 each**
4 to 5 ft., **\$5.75 each**

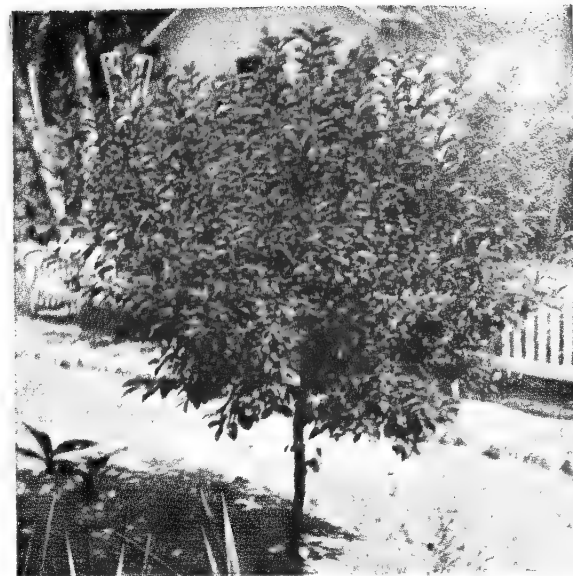

HOPA CRAB. An outstanding flowering Crab in every way. In spring it produces masses of beautiful fragrant pink blooms. These are followed in fall by very attractive red fruit which makes tasty jelly. Its colorful spring foliage, its sturdy fast growth and ease of culture make this a tree that should not be overlooked for your garden.

REDVEIN CRAB. (*Malus niedzwetzkyana*.) The reddish cast of the leaves, branches, flowers and fruit distinguishes this variety from the others. Growing to about 15 ft., its fruit is edible and useful for making jelly.

SARGENT CRAB. This is a very slow growing, heavily branched shrub growing only 5 to 6 ft. high. It produces very large 1-inch flowers 5 or 6 to a cluster which are followed by dark red fruit.

SCHEIDECKER CRAB. Growing in a more pyramidal shape than most Crabs, this very beautiful variety bears double pink flowers resembling those of the Bechtel variety shown here.

Prices for all Crabs except Bechtel:
3 to 4 ft., **\$3.25 each**
4 to 5 ft., **\$4.00 each**

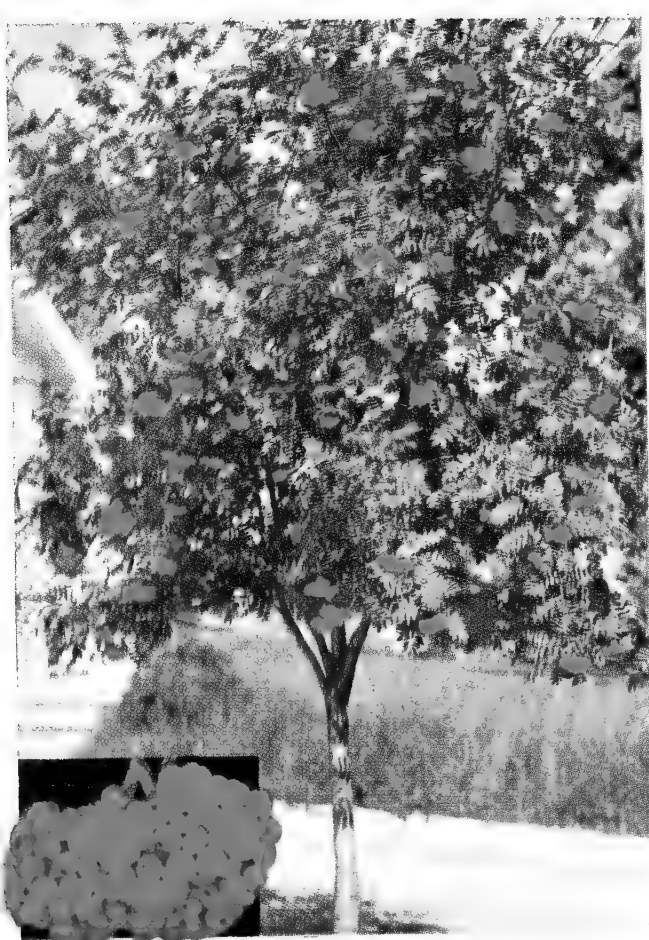

Purple-Leaved Plum

Hopa Crab

Arnold Flowering Crab

European Mountain Ash

FLOWERING PLUMS

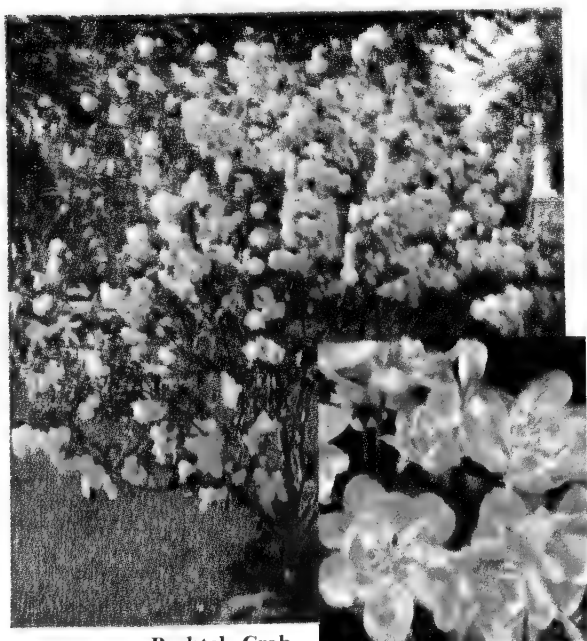

PRUNUS AMERICANA NEWPORT — Newport Flowering Plum. Deep pink flowers in spring and a dark purple foliage throughout the season make this an excellent ornamental tree where foliage contrast is desired.

PRUNUS CISTENA—Purple Sand Cherry. This variety produces numerous pinkish white flowers, while its leaves are a brighter red than the variety shown. Prices for Newport and Cistena Flowering Plums: 4 to 5 ft., **\$5.00 each** 5 to 6 ft., **\$6.00 each**

PRUNUS TRILOBA — Double Flowering Plum. A handsome low growing tree with green foliage whose branches become covered with double pink flowers in April and May.

3 to 4 ft., **\$3.50 each**

EUROPEAN MOUNTAIN ASH. *Sorbus aucuparia*. A very fine ornamental tree of pyramidal growth and attractive, feathery foliage. Showy clusters of white flowers in spring are followed by very attractive scarlet berries. 5 to 6 ft., **\$6.75**; 6 to 8 ft., **\$8.25**

Bechtel Crab

NORWAY MAPLE. One of the best and most highly recommended shade trees for street and general use. It is a handsome rounded tree with large dark green leaves which turn yellow in fall.

6 to 8 ft., **\$9.00 each**; 8 to 10 ft., **\$12.00 each**
1 1/4 to 1 1/2 in. diameter, **\$16.50 each**

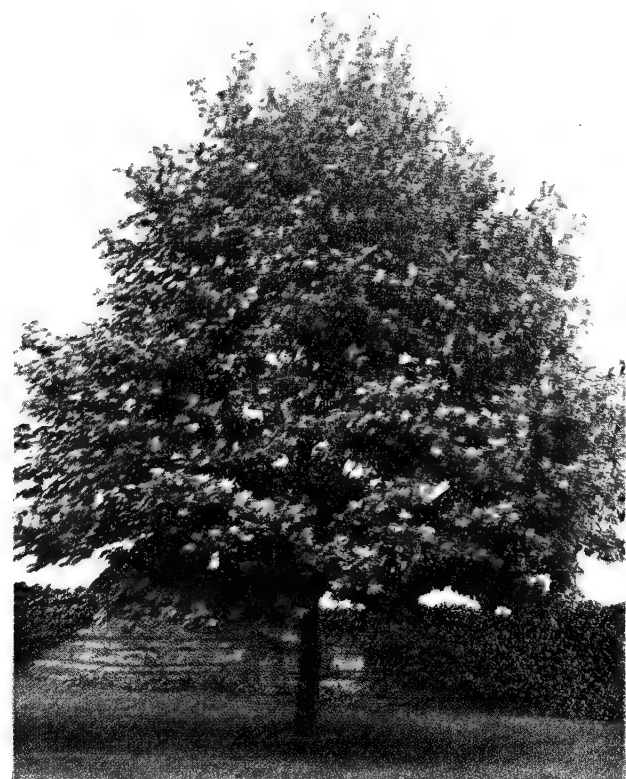

SCHWEDLER MAPLE

No other tree can equal its splash of brilliant red in spring. Its leaves turn to a bronze-green in summer and golden yellow in fall. A magnificent ornamental shade tree.

6 to 8 ft., **\$10.50 each**
8 to 10 ft., **\$14.50 each**
1 1/4 to 1 1/2 in. diam., **\$19.50 each**

RED MAPLE. (*Acer rubrum*.) Frequently used for landscape purposes because of its brilliant fall coloring, the Red Maple is indeed a picturesque tree.

6 to 8 ft., **\$9.00 each**; 8 to 10 ft., **\$12.00 each**
1 1/4 to 1 in. diameter, **\$16.50 each**

Schwedler Maple

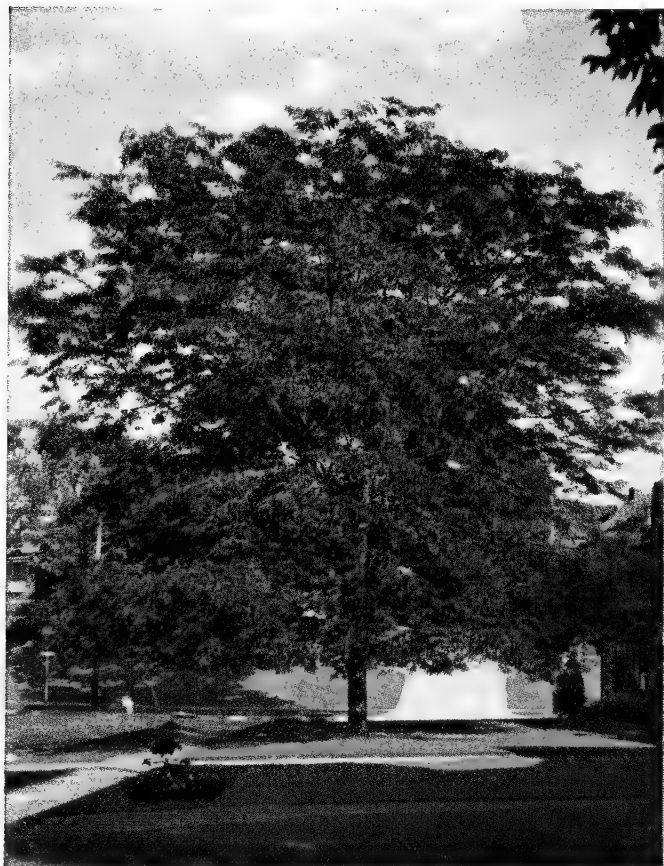

SILVER MAPLE. This is the fastest growing Maple. As it grows it develops a large spreading head that will reach 75 ft. and more high. It has distinctive silvery leaves and bark.

6 to 8 ft., **\$4.50 each**; 8 to 10 ft., **\$6.00 each**

SUGAR MAPLE. Commonly referred to as the "Hard Maple" this beautiful native tree is a shade tree of grand proportions with wonderful fall foliage.

6 to 8 ft., **\$9.00 each**; 8 to 10 ft., **\$12.00 each**
1 1/4 to 1 1/2 in. diameter, **\$16.50 each**; 1 1/2 to 1 3/4 in. diameter, **\$22.50 each**

Moraine Locust

MORAINÉ LOCUST. NEW. A new patented form of Locust that is becoming extremely popular because of its lack of thorns and seed pods. It is very rapid growing, largely free of all diseases and pests and has particularly attractive feathery foliage.

5 to 6 ft., **\$6.00 each**; 6 to 7 ft., **\$8.00 each**

THORNLESS HONEYLOCUST. Its large picturesque head and graceful foliage make this an excellent thornless form of locust. It is similar in appearance to the Moraine Locust shown here.

8 to 10 ft., **\$9.75 each**
1 1/4 to 1 1/2 in. diameter, **\$14.75 each**

LOMBARDY POPLAR. The thick deep green leaves of this fast growing columnar tree clothe its branches almost to the ground. It is one of the best trees for use as a tall narrow windbreak or screen. It is also useful for formal purposes in landscaping.

4 to 5 ft., **\$1.45 ea.**; 25 trees or over, **\$1.00 ea.**
5 to 6 ft., **\$1.75 ea.**; 25 trees or over, **\$1.25 ea.**
6 to 8 ft., **\$2.25 ea.**; 25 trees or over, **\$1.75 ea.**
8 to 10 ft., **\$2.75 ea.**; 25 trees or over, **\$2.50 ea.**

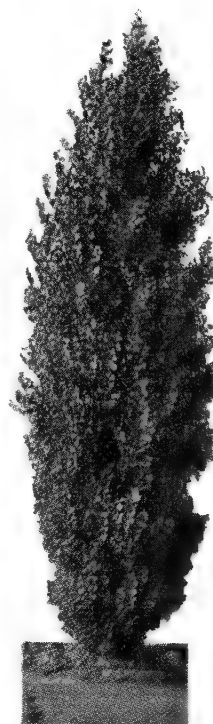

GINKGO, Maidenhair Tree. A most picturesque tree with foliage that resembles the lacy Maidenhair Fern. Usually sends up a single trunk leader to considerable height. Does well in almost any soil.

5 to 6 ft., **\$6.75 each**; 6 to 8 ft., **\$8.75 each**;
8 to 10 ft., **\$14.75 each**

Norway Maple

Pat.
No.

Lombardy Poplar

Shade Trees

WISCONSIN WEeping WILLOW. This is the tree commonly referred to as the Weeping Willow. Its wide spreading limbs send out long drooping branches which often reach the ground. It grows very rapidly into a tree of considerable size. It is indeed a graceful and artistic tree.

Wisconsin Willow

NIobe GOLDEN WEeping WILLOW

A tree very similar in habit to the Wisconsin Willow, but smaller growing. It is distinguished by its very noticeable yellow or golden bark on its newer branches.

Prices for Niobe and Wisconsin Willow:

5 to 6 ft., **\$3.50 each**
 6 to 8 ft., **\$4.75 each**
 8 to 10 ft., **\$6.50 each**

PIN OAK. *Quercus palustris.* Here is the most rapid growing of the Oak family. Its shiny green leaves as shown here become a brilliant red in fall and often hang on the tree late in the fall and winter. It is a wonderful subject for street, lawn and general landscape purposes.

Pin Oak

8 to 10 ft., **\$12.50 each**

Chinese Elm

AMERICAN ELM. One of the most stately of our native trees, the American Elm is one of the features of our landscape. It grows to be a tremendous tree with long arching branches.

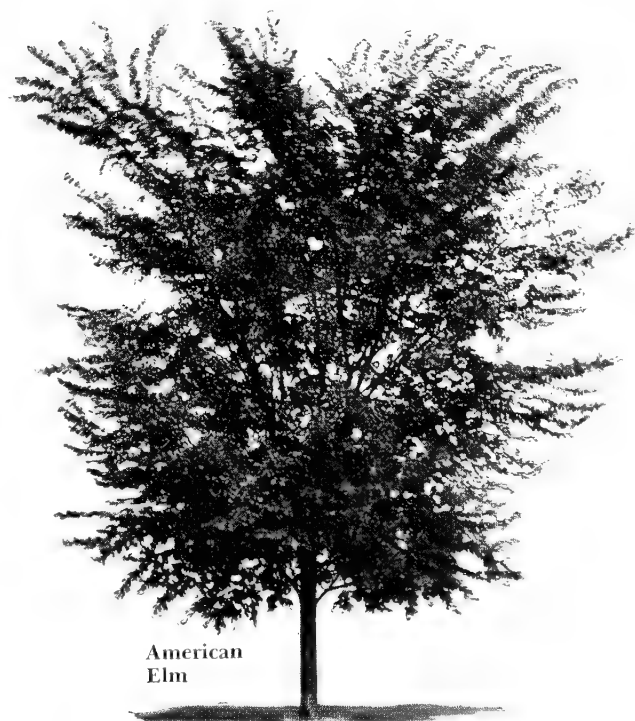

6 to 8 ft., **\$4.50 each**
 8 to 10 ft., **\$7.50 each**
 1¼ to 1½ in. diameter, **\$9.50 each**
 1½ to 1¾ in. diameter, **\$11.00 each**

CHINESE ELM. One of the fastest growing of all trees, Chinese Elms will give quick shade and serve very well for screening and windbreak purposes.

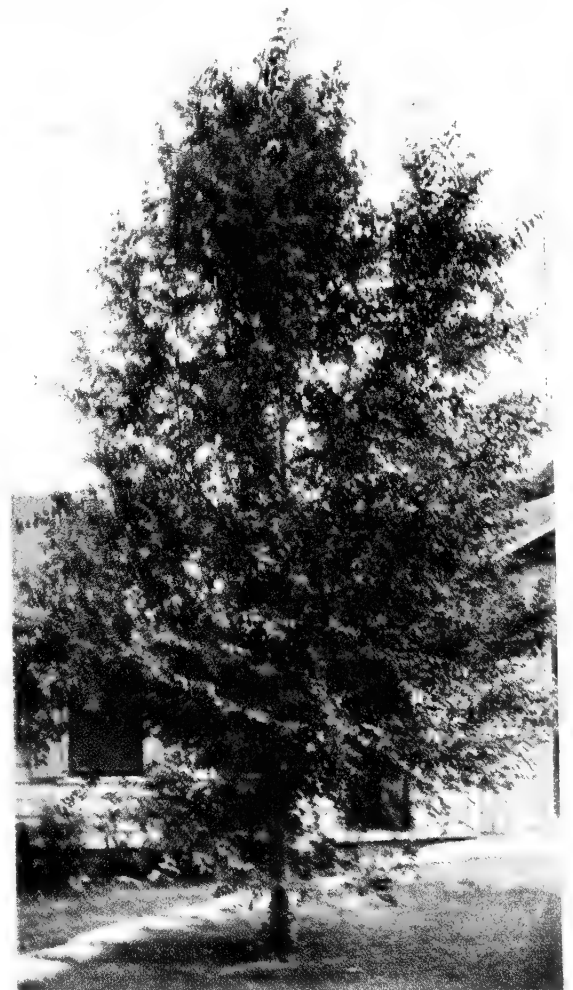

6 to 8 ft., **\$5.25 each**
 8 to 10 ft., **\$8.75 each**

MOLINE ELM. Similar to the American Elm, but its branches grow more upright, giving the tree a narrower conical shape. Its leaves are dark green and much larger than the ordinary Elm. A very fast growing tree, it is useful for street, park and lawn planting.

6 to 8 ft., **\$5.25 each**
 8 to 10 ft., **\$8.75 each**

American Elm

GIANT BULBS IMPORTED DIRECT FROM HOLLAND by ILGENFRITZ

Victoire

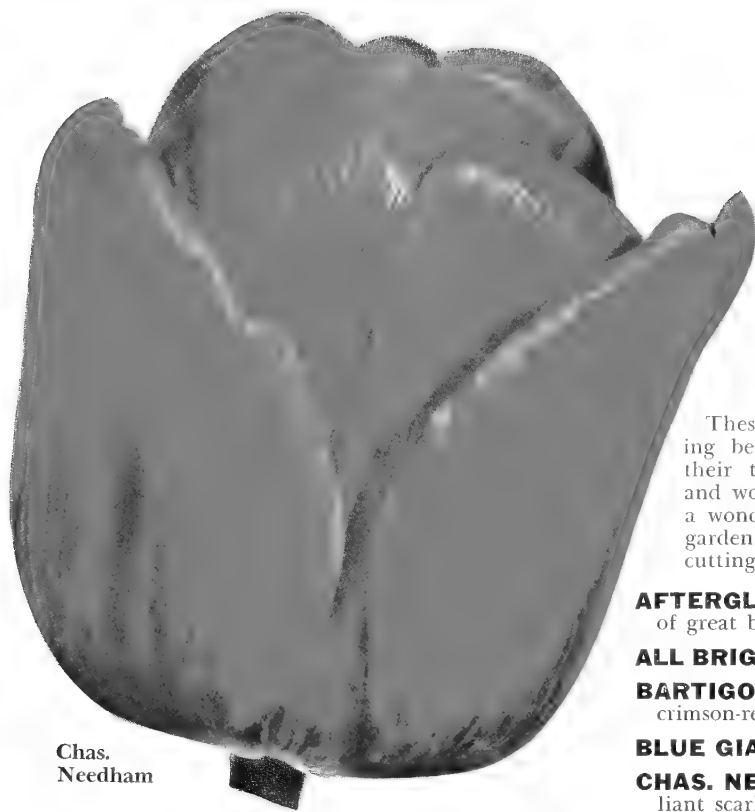

COLCHICUM Autumn Crocus

A beautiful species of fall blooming bulbs which unfortunately have not become well known to American gardeners. Their blooms, resembling those of the Crocus, but larger, appear from September till November. Their leaves and fruit appear in the spring. These leaves then disappear as with other bulbs and in the fall the flower stems alone arise from the ground making them a very unique type of bulb. Album - white; Major - pink.

6 for \$1.25; 12 for \$2.35; 25 for \$4.50

Grape Hyacinths

Chas.
Needham

Giant Darwin Tulips

These tremendous May flowering beauties are remarkable for their tall stems, shapely flowers and wonderful colors. They make a wonderful mass of color in the garden, and are equally showy for cutting.

AFTERGLOW. An unusual orange of great beauty.

ALL BRIGHT. Fine bright showy red.

BARTIGON. One of the best, clear crimson-red.

BLUE GIANT. Large purplish-violet.

CHAS. NEEDHAM. Wonderful brilliant scarlet.

CITY OF HAARLEM. Large scarlet of beautiful form.

CLARA BUTT. Very popular, clear rosy pink.

DEMETER. Lovely dark blue.

FARNCOMBE SANDERS. Fiery rose-scarlet.

FAUST. Very large dark satiny purple.

GOLDEN AGE. Deep golden yellow shaded orange.

LA TULIPE NOIRE (The Black Tulip.) Velvety maroon-black.

NIPHETOS. Large flower of ivory-yellow.

QUEEN OF THE NIGHT. Wonderful deep velvet-maroon.

THE BISHOP. Large violet-blue.

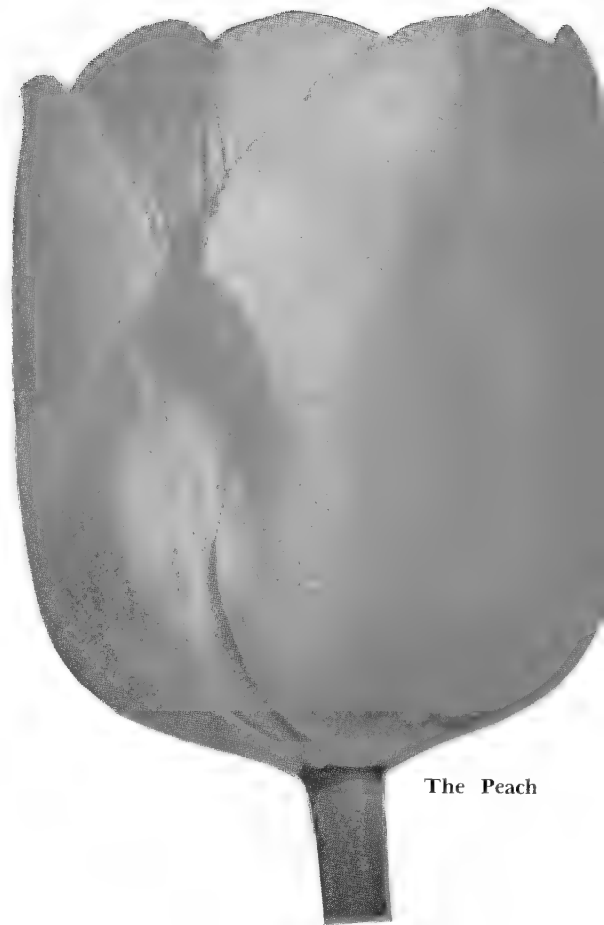

THE PEACH. Bright pink with yellow shadings.

UTOPIA. Glowing cardinal-red.

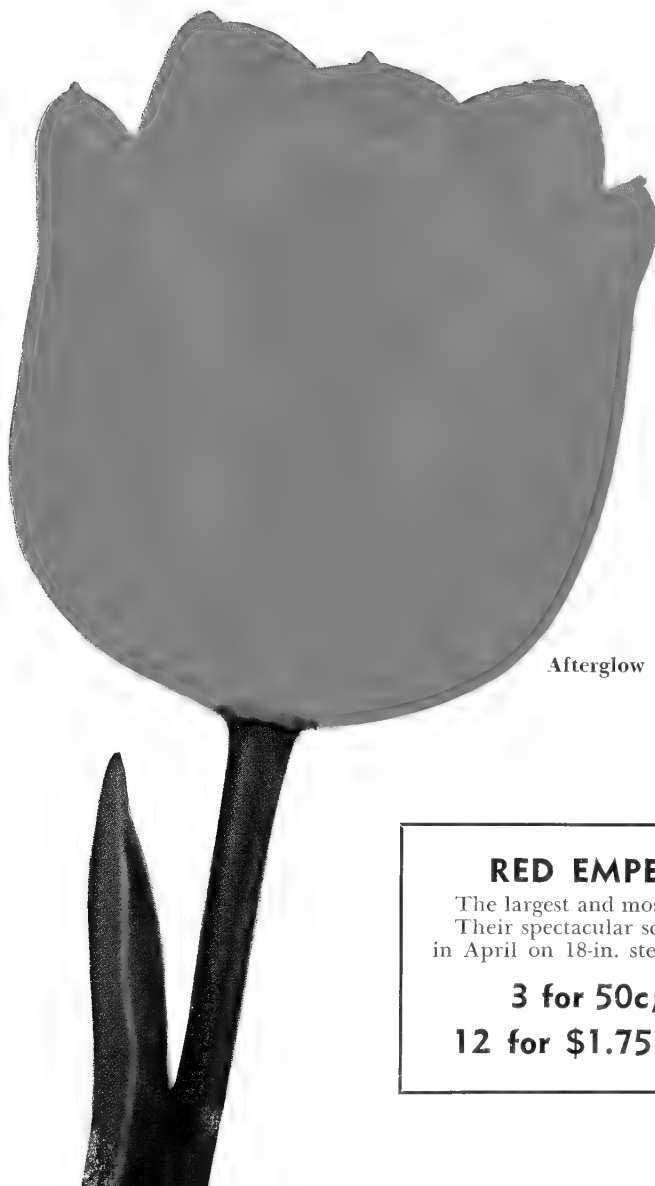

ZWANENBERG. Tremendous pure white.

All of the above: 12 for \$1.25; 25 for \$2.25; 50 for \$4.25; 100 for \$8.25

(In the above prices, you may take your choice of varieties.)

The Peach

Afterglow

RED EMPEROR TULIP

The largest and most brilliant of all Tulips. Their spectacular scarlet-red blooms appear in April on 18-in. stems.

Indian Chief

COTTAGE TULIPS

This splendid group of large flowering Tulips sends up beautiful long pointed flowers on stems 28 to 36 inches high. (See Marshall Haig—shown below.) They flower in May along with the Darwins.

GOLDEN HARVEST. A delightful lemon-yellow of great size.

G. W. LEAKE. An outstanding intense geranium-red.

MARSHALL HAIG. Large flowered bright scarlet with yellow base on tall stems.

YELLOW EMPEROR. Gorgeous large egg shaped golden yellow.

All of the above: 6 for 80c
12 for \$1.35
25 for \$2.50
50 for \$4.75
100 for \$9.00

Queen of the Night

BREEDER TULIPS

Another giant flowered group which has long stems and blooms in May. This group is characterized by varieties which have deep shadings and artistic blends. They are particularly fine grouped with Darwins.

DILLENBURG. Very popular glowing salmon-orange.

INDIAN CHIEF. (Shown above.) An enormous coppery red.

LOUIS XIV. A beautiful Tulip of dark purple flushed bronze.

6 for 80c; 12 for \$1.35; 25 for \$2.50;
50 for \$4.75; 100 for \$9.00

DOUBLE EARLY—Peony Flowered Tulips

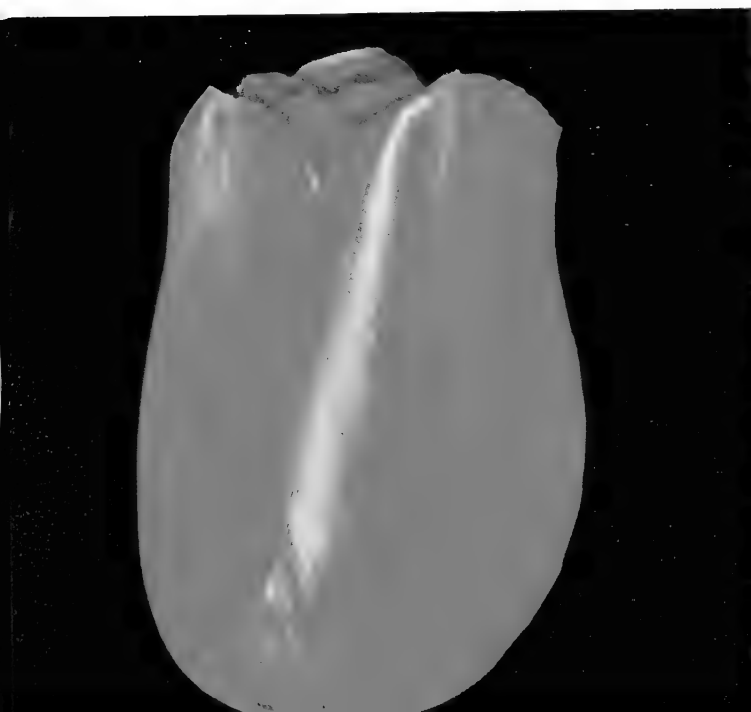

Because of their shorter stems, these varieties are particularly useful for planting as borders and in front of taller varieties, and in exposed positions where taller varieties are unsuitable. Very large peony-like blooms.

MARECHAL NIEL. Beautiful golden yellow.

ORANGE NASSAU. Fully double deep orange.

PEACH BLOSSOM. The most popular double pink.

6 for 80c; 12 for \$1.35; 25 for \$2.50;
50 for \$4.75; 100 for \$9.00

TRIUMPH TULIPS

This is a comparatively new type of Tulip which flower between the early Tulips and the May flowering Darwins and Breeders. They have long stems.

BANDOENG. Deep mahogany-red with golden edge.

GLORY OF NOORDWIJK. Brilliant rosy pink.

12 for \$1.25; 25 for \$2.25; 50 for \$4.25; 100 for \$8.25

SINGLE EARLY TULIPS

This colorful group, probably the brightest of all the Tulips, blooms usually about mid-April. Their stems grow 12 to 14 inches high.

IBIS. Splendid deep rose.

KEIZERSKROON. Bright red and yellow with extra large flower.

12 for \$1.15; 25 for \$2.15;
50 for \$4.00; 100 for \$7.75

Ilgenfritz Peonies

Will Add Color
To Your Garden

Mons. Jules Elie

Felix
Crousse

Peonies are among the largest and showiest plants that can be grown in your garden. Once planted they will live for many years with a minimum of care. These roots are all large 3 to 5 eye divisions and many of the divisions will have 5 to 8 eyes. The American Peony Society rating is given after each variety. Ten is a perfect score. None of these varieties is below 8.1.

Note. On Peony orders we pay postage on orders over \$5.00. Below that please add 35c to cover postage and handling.

ALBERT CROUSSE. (8.6). Here is a late midseason soft shell-pink that is outstanding.

\$1.25 each; 3 for \$3.50

BARONESS SCHROEDER. (9.0). A long lasting, fragrant late Peony with immense flowers of white with pale pink shadings. One of the finest of all Peonies.

\$1.25 each; 3 for \$3.50

DUCHESSE DE NEMOURS. (8.1). An early sulphur-white with strong stems and excellent foliage.

\$1.25 each; 3 for \$3.50

FELIX CROUSSE. (8.4). (Shown above.) A good all-purpose late red. A bomb type.

\$1.25 each; 3 for \$3.50

KARL ROSENFELD. (8.8). A brilliant mid-season red that is excellent for the garden, for cutting and for show purposes. (See picture.)

\$1.25 each; 3 for \$3.50

LADY ALEXANDRA DUFF. (9.1). A tremendous loose blush-pink bloom fading to white. Very showy and heavy blooming in our field.

\$1.50 each; 3 for \$4.25

←
Reine
Hortense

→
Baroness
Schroeder

LE CYGNE. (9.9) Note the high rating—the highest received by any Peony. An enormous perfectly formed flower of creamy white. The finest white Peony.

\$2.50 each; 3 for \$7.00

MONS. JULES ELIE. (9.3). (See picture.) A tremendous silvery pink that is wonderful for cutting.

\$1.25 each; 3 for \$3.50

PRIMEVERE. (8.6). An unusual color for Peonies with its creamy or sulphur-yellow blooms. A very good mid-season Peony.

\$1.50 each; 3 for \$4.25

REINE HORTENSE. (8.7). Truly a beautiful soft rose-pink that is occasionally flecked crimson in the center. A mid-season show flower. (See picture.)

\$1.00 each; 3 for \$2.85

SARAH BERNHARDT. (9.0). One of the most popular of all Peonies, it should be in every garden. A beautiful apple-blossom-pink that blooms in mid-season.

\$1.25 each; 3 for \$3.50

SOLANGE. (9.7). The tremendous, compact blooms of this Peony make it one of the finest in existence. Coming late, it is a strong grower and free bloomer. Creamy white with suffusion of salmon-pink.

\$1.50 each; 3 for \$4.25

TOURANGELLE. (9.4). Its large rose-type blooms are a delicate pearly white with pink shadings. It is a late season bloomer.

\$1.25 each; 3 for \$3.50

WALTER FAXON. (9.3). An excellent pure pink that is wonderful for cutting and for showing. Mid-season.

\$1.50 each; 3 for \$4.25

Note—On Peony orders we pay postage on orders over \$5.00. When the order is less than \$5.00 please add 35c to cover postage and handling.

Hagenfritz Fruit Trees

Since 1847, we have been growers of
Michigan's finest fruit trees

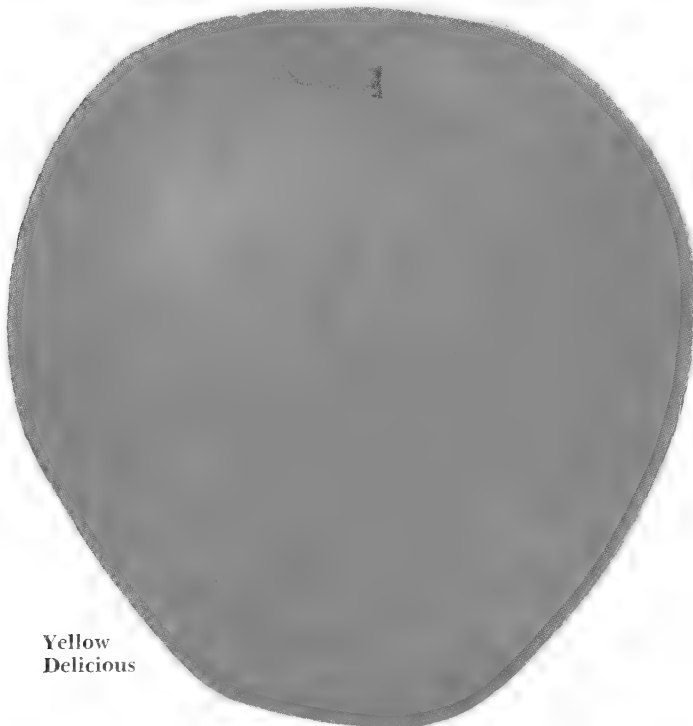

- X Our trees are budded from selected strains.
- X Our trees are developed to have proper branch structure.
- X Our trees are grown to have an abundance of roots.

Jonathan

Wealthy

Yellow
Delicious

BELLE OF BOSKOOP. A very large greenish yellow Apple whose season runs from September to November. Quite hardy and a good bearer.

CORTLAND. A large bright red Apple that is excellent for eating or cooking. Its firm white flesh is especially good for salads. Season—October to December and later.

GALBRAITH BALDWIN. This is a new all-red, much improved strain of Baldwin. An Apple of wonderful flavor, it is a leading winter Apple.

COX ORANGE. One of the best old English dessert Apples. Its fruit, which is of medium size, is splashed with red and yellow. Because of its wonderful flavor, it is a fine home orchard variety.

GALLIA BEAUTY. This is an all red strain of Red Rome Beauty which is rapidly growing in popularity. Its flavor is delicious, both for cooking and eating. The tree is vigorous and produces heavily. A winter Apple.

GRIMES GOLDEN. A heavy annual bearer of medium sized golden yellow Apples which are particularly good for canning and cider. Season—November to January.

JONATHAN. One of the best commercial and home Apples. It is a dark red winter Apple of excellent quality.

KIRBY RED DELICIOUS. This is our own improved form of the regular Red Delicious. It develops a much better solid dark red color. This color comes earlier, but the Apple hangs to the tree longer.

LODI. This is an improved form of Yellow Transparent. An excellent summer yellow Apple.

McINTOSH. This is a leading Apple both for the home and commercially. One of the youngest to bear, it produces beautiful rich red Apples.

NORTHERN SPY. Large red old favorite winter Apple. Probably the best for making pies.

STAYMAN WINESAP. Large, rounded winter Apple that is a wonderful keeper in storage. Popular for eating and cooking.

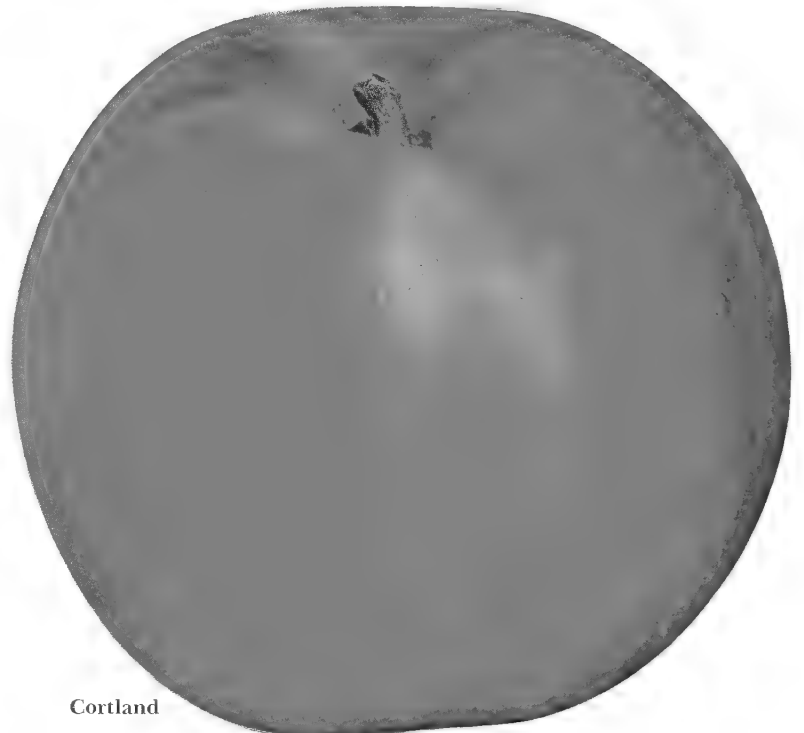

WEALTHY. A very hardy, vigorous heavy annual bearer of bright red Apples. Season—October to January.

YELLOW DELICIOUS. A bright golden yellow Apple of tremendous size and delightful flavor. Good annual bearer. Season—November to March.

Many other varieties available—write for information.

All above varieties—Large two-year-old trees, 5 to 7 ft.,

\$2.50 each; 5 or more, \$2.25 each

Cortland

ILGENFRITZ DWARF APPLE TREES

- Require little space.
- Bear much younger.
- Easy to care for.
- Fruit can be picked from the ground.

This fall we are able to offer fine well developed two year old trees 3 to 5 ft. high in the following popular varieties:

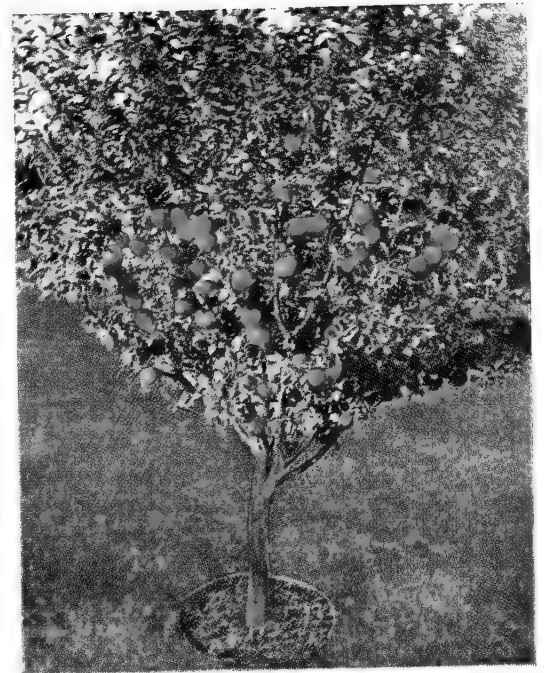

Cortland	Lodi
Gallia Beauty (Red Rome)	McIntosh
Fameuse (Snow Apple)	Northern Spy
Jonathan	Stayman Winesap
Kirby Red Delicious	Tolman Sweet
Yellow Delicious	

\$3.75 each; 3 for \$9.50

5-IN-1 Apple Combination

We now have a fine block of these very popular novelty trees. Five wonderful varieties ripening at different seasons, Early Harvest, Kirby Delicious, Anoka, Wealthy and Jonathan, are grafted on a sixth variety McIntosh. With these trees you have no pollinization problem.

Large 2-year-old trees, 5 to 7 ft., **\$3.75 each**

Dwarf Apple

PLUMS

CRYSTAL RED. A very early highly colored, very juicy, vigorous growing variety. The flesh is sweet and light yellow. Ripens early in August and bears young, in from 2 to 4 years. Good pollinizer.

BURBANK. One of the best of the Japanese Plums. The fruit is dark red, large and of excellent quality.

ITALIAN PRUNE (Fellenberg.) A fine late purple Prune of very large size with flesh that is juicy and sweet. Excellent for canning. It ripens in September.

FRENCH DAMSON. Fine blue Plum of good quality and medium size. Very heavy annual bearer. Ripens in September.

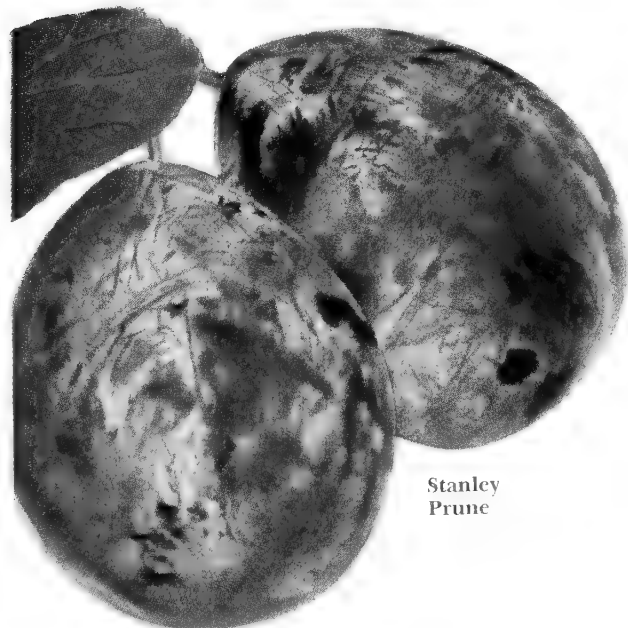

LOMBARD. Ripening in mid-September, Lombard is a showy purplish red fruit which is particularly good for canning and preserving.

STANLEY PRUNE. Without a doubt the finest and most popular Plum with fruit growers. The fruit is large, freestone, rich in flavor and a deep blue in color. The tree is hardy everywhere.

YELLOW EGG. A very large, golden egg-shaped freestone Plum that ripens late. Good for canning and for local markets.

Large 2-yr. old trees, 5 to 7 ft.,
\$2.75 each; 5 or more, \$2.50 each.

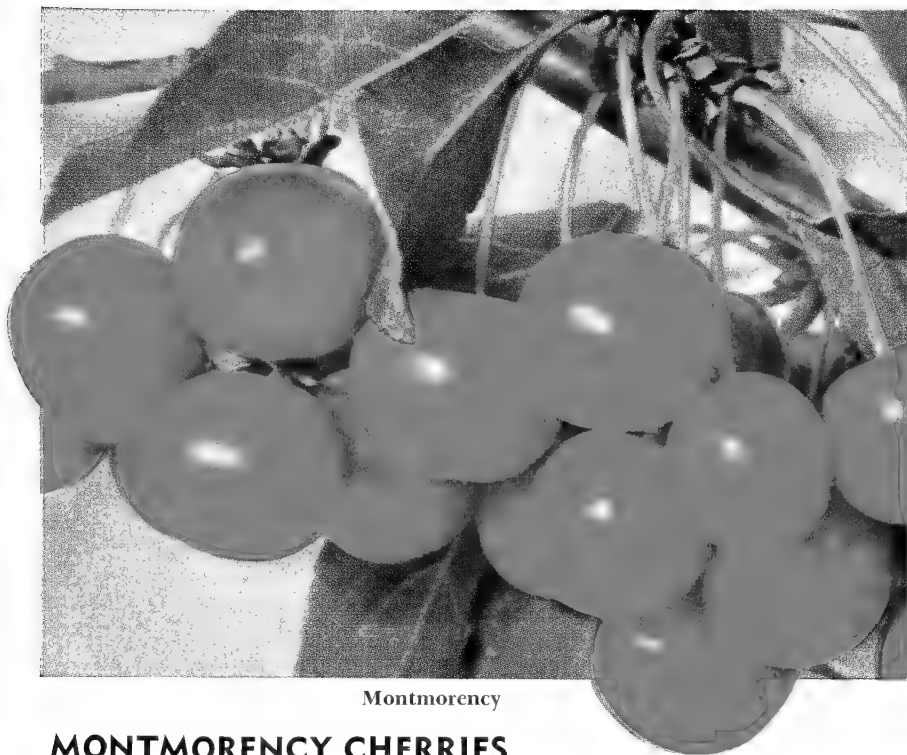

Fruit Growers—write for quantity price list.

Stanley Prune

Green Gage

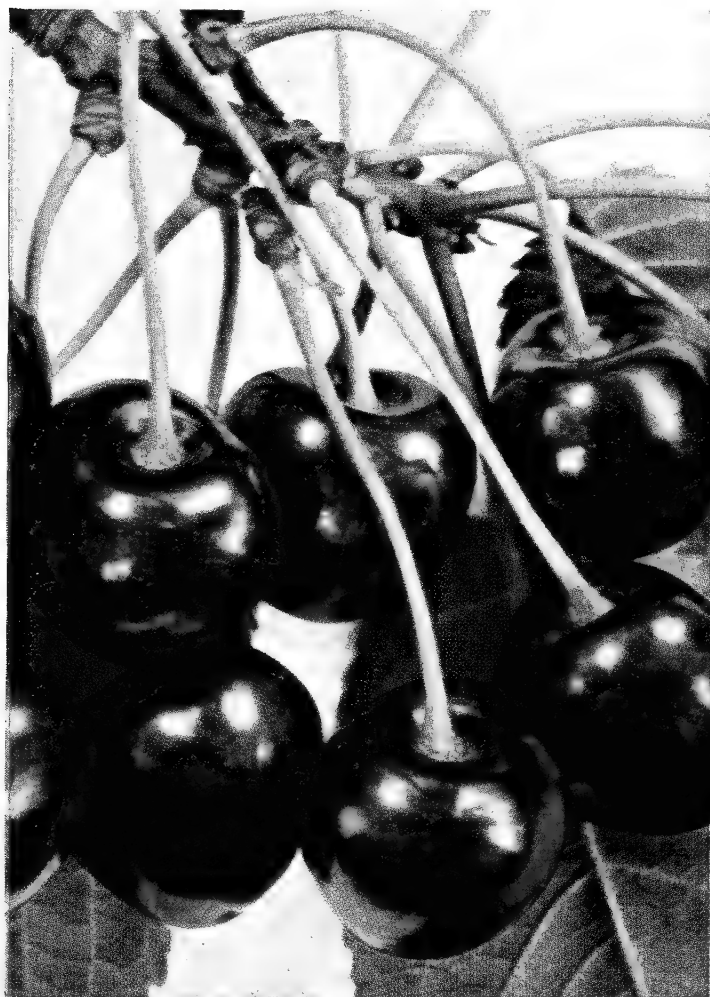

Montmorency

MONTMORENCY CHERRIES

Universal favorite for those who like Cherry pies. The Montmorency is attractive in color and the largest of all the sour Cherries. As a tree, it requires no cross-pollinization. The trees bear very young and produce heavy annual crops.

	Each 1 to 4	Each 5 to 10
11/16 in. diameter—4 ft. and up	\$2.50	\$2.00
9/16 in. diameter—3 ft. and up	2.10	1.75
7/16 in. diameter—3 ft. and up	1.75	1.50

Fruit growers—write for quantity rates.

Black Tartarian

Hagenfritz

CHERRIES

SWEET CHERRIES

BING. A large, firm delicious dark red Cherry. Ripens in early July.

BLACK TARTARIAN. Heavy bearer of fine juicy fruit each year. The best of the early sweet Cherries, it is well suited for roadside stands and local markets. Very often used as pollinizer for other varieties, it makes a fine home variety.

NAPOLEON (Royal Ann). This is the best known and favorite yellow sweet Cherry. Its fruit is large and attractive because of its pink cheek. A heavy bearer, good for home and for shipping. Ripens five days after Bing.

SCHMIDTS. Very large, dark red, firm, juicy and sweet. It is of top quality for canning or shipping. No finer Cherry can be grown for the midseason market. Ripens just before Windsor.

WINDSOR. A very hardy large dark red sweet Cherry. This excellent late variety completes the Cherry season. It produces good annual yields of fruit that ships and keeps well. A favorite commercial variety in Michigan. Sweet Cherry prices: Two year old trees—

	Each 1 to 4	Each 5 to 10
3/4 in. diameter—5 ft. and up	\$3.00	\$2.75
11/16 in. diameter—4 ft. and up	2.75	2.50
9/16 in. diameter—3 ft. and up	2.50	2.25
7/16 in. diameter—3 ft. and up	2.25	2.00

Orchard growers please write for quantity price lists.

CHERRY COLLECTION

1 Montmorency, 11/16 in.	Regular Value	\$7.95
1 Black Tartarian, 3/4 in.	\$8.50	
1 Napoleon, 3/4 in.	All Three only	

Chosen for variety of fruit and ripening dates, and to provide necessary cross-pollination of sweet Cherries.

ORANGE QUINCE

A large, late bright yellow Quince of excellent flavor. It is a productive variety that rarely fails to provide a heavy crop. Just the thing for preserves.

Two-yr. old trees — $\frac{3}{8}$ in. diam., 5 ft. and up, **\$3.00 ea.;**
3 for \$8.50.

$\frac{1}{2}$ in. diam., 4 ft. and up, **\$2.50 ea.,**
3 for \$7.00

➡
Dwarf Bartlett Pear

NOTE:

PEACH and APRICOT TREES are shipped only in spring. We have a fine supply of both these favorites in a wide range of varieties. If you wish to order early while the supply is plentiful write for a list of varieties and prices.

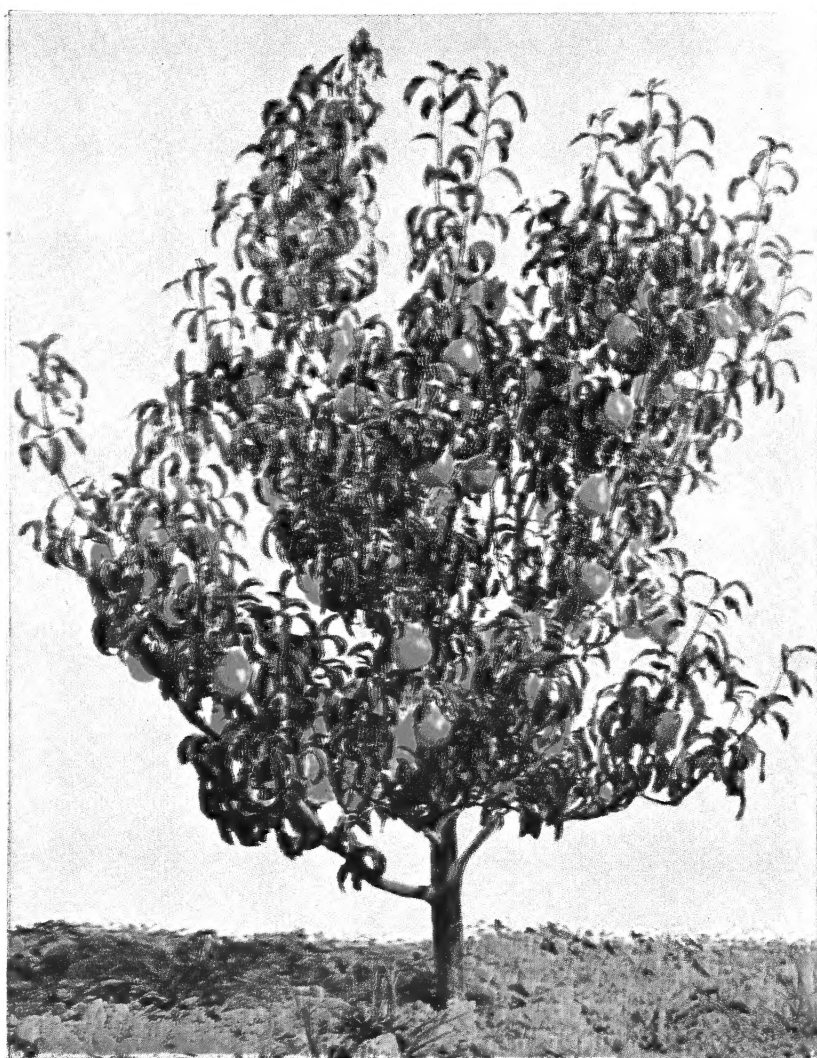

SMALL FRUITS are also shipped in spring only.

PEARS

BARTLETT. A large, juicy, fine flavored Pear that is a favorite both in the home garden and orchard. A heavy producer, it ripens in September.

BUERRE BOSCH A long Pear of tremendous size. It is a Pear of excellent flavor and good keeping qualities. Ripening in October and November, it is rapidly growing in popularity.

CLAPPS FAVORITE. Here is a very hardy old favorite that is large of size, rich and juicy. Ripens late in August before Bartlett.

DWARF PEAR TREES

Save space, have more varieties and do all your work from the ground. Trees bear much younger, sometimes the first year after planting. These are particularly fine two-year-old trees.

Available in: Bartlett Duchesse D'Angouleme
Buerre Bosch Seckel
Clapps Favorite

Prices: 3 to 5-ft. trees: **\$3.25 each; 3 for \$9.50**

DUCHESSE D'ANGOULEME. A very large greenish yellow Pear that ripens in October and keeps well.

FLEMISH BEAUTY. Highly flavored, large and attractive, strong grower and a good bearer. During September and October it is a popular market variety. Good pollinizer for Bartlett and very hardy.

SECKEL (Sugar Pear.) While it is excellent for eating out of the hand, this smaller Pear is very popular as a pickling Pear and for canning whole. Ripens September and October.

Prices of Standard Pears:
